O H. OLIVER, an intelligent mute, has been in Provo for a few days tak-

ing subscriptions for a useful family book, the "Household Guide," written

by B. G. Jefferis of Chicago and pub-liched by J. L. Nichols of Naperville, Illinois, a warm friend of Mr. Oliver's. The book is well worth the price

asked, \$2.00, and should be in every family. Mr. Oliver goes to Eureka next. While here, considering the times he has done well; undoubtedly he will do better in Eureka. Mr.

LIGHT OR HEAVY WHEELS. Cyclists This Summer Have Decided That What They Want Is Good Roads. The light wheel problem, which this year more than ever is absorbing the attention of cyclists, is a pretty difficult one to solve satisfactorily. Everybody wants to ride a light wheel, but everybody does not want to ride one that will not stand the pounding of a rutty road or an occasional tumble. Wood rims are being extensively ridden, but they are "O. L. Hood & Co., Lowell, Mass.: not as strong as metal rims and never from 18 to 24 pounds are being ridden IRVINE & BARNEY have just received over all kinds of roads this season in Brooklyn and out on Long Island, and a large percentage of them are coming The rider of one has to be as breathed his last. Thus we laid to grief. careful of his mount as if it were a delicate race horse. Universal use of featherweight wheels will scarcely come until the roads are far better than they average today. England has had the light machine and don't want to give it up. and accomplishing much in that direction. It is maintained by many good riders that over an ordinary road a 30 pound wheel is easier and faster than a streedier and is the very Picture of Health, 20 pounder because it is steadier and
